

"Adventures in Paradise "

The romantic islands of **BOTH TAHITI** and **HAWAII** beckon you!

A personal invitation to join Tom & Rita Paul for fun-filled days in "Paradise!"

We have an adventure for you!

November 5 - 17, 2010

(Deluxe 12 day cruise + lots of extras!)

Limited
space...

Note from Rita: Those who like small, elegant, intimate ships will **LOVE** the Royal Princess. Built originally for Renaissance, she sails only 700 + passengers & her decor is very stylish, warm European with lots of wood.

Now is the time to visit what Michener called "PARADISE ON EARTH." There is no way to describe the islands of Tahiti or Hawaii to you - you have to see it for yourself!

Fabulous days in the ultimate tropical setting -places you've dreamed about - time to treat yourself to paradise -you deserve it . Plus, we have designed a complete VIPP package with several island adventure tours, and lots of fun activities onboard!

Imagine waking each morning to the lulling sounds of the ocean and visions of crystal blue water in so many shades that you are unable to describe them all - green palm trees swaying in the breeze - sand beaches - and raw beauty so plentiful that your eyes will grow tired! Yet, each island seems to be more beautiful than the last. By day, sun in a breathtaking motu, or just enjoy the dramatic beauty of the islands.
